BUILDING GRAFT

Tilden and Johnston Too Strong for Australasians and Sweep Them Off Their Feet by Ther Wizarary.

AUCKLAND, N. Z., Dec. 31-Australasia lost her tennis laurels here this afternoon before the strength and craft of American challengers. The Davis cup, the trophy emblem-atic of the world's team tennis championship, changed hands when the last ball in the tenth game of the fourth set was driven out of the court, and for the next year at least the cup will repose under the Stars and Stripes. This is the fourth time Anterica has won the cup. Austra-lasia has won it six times, while the British Isles have been triumphant on five occasions.

Rallying after losing the first set of

today's doubles match, William T. Tilden, H. of Philadelphia, and William M. Johnston, of San Francisco, revealed the same tennis wizardry that carried them gloriously through the matches yesterday. Their oppenents, Norman E. Brookes and Gerald F. Patterson, the Australasian also amounted to Robert P. Britanasters of the game, fought desperately to steam the tide of defeat, but dell, president of the Building Trades council, and his aides indicted for sed attempted extortion

The score of the match shows how the Americans won the victory. The challengers lost the first set, 4 to 6, but never again permitted Brookes and Patterson to taste victory, win-ning the three remaining sets, 6-4, 6-0 and 6-4. Hettrick, alleged promoter of a num-ber of building "rings," and Herbert Smith, president of the Master

Modest in Victory.

Tilden and Johnston were modest in victory. They walked quietly to the net, where they were met by Brookes and Patterson, who congratulated them as the throng that had witnessed the stirring match cheered, Throughout the entire match Brookes was below his usual dou-

bles form. He played well, but never reached the heights he attained in past tennis battles. Johnston de-serves the most credit for the American victory. His service games were by lightning shots to the weak spots in his opponents' armor, and his drives were certain winners where there was the slightest chance for a break through. In many volleying rallies he beat Brookes by sheer merit, but at times he was slow in going to

the net. Tilden did not show as severe a service as he flashed in the singles yesterday, and he was not at his best at doubles. He often was out of position, but extricated himself from bad situations by the brilliancy of his strokes.
